

Good afternoon,

Dr. William Kramer, PhD, our Fire/EMS services consultant, sent his final draft version of his report to us Thursday (February 7). He wrote, "I am just about finished with your report and am attaching my draft for your review. Any persons who have an earlier version should substitute this latest edition, which includes various corrections and clarifications, along with new information dated as late as February 5, 2019 (New Appendix 15)."

In order to make the best use of his limited time on February 19 and to make that session as productive as possible, please base your comments and questions on his draft final. Dr. Kramer will be submitting his final report after he has had a chance to consider your comments and questions. We are expecting his final report by March 1.

Thank you for your interest in improving Fire/EMS services in Union Township. We are looking forward to a constructive and productive session on Tuesday, February 19.

Charlie Prince, President
Union Township Trustees
