Start-yes

Sharps-yes

Slater-yes

At 7:13pm, Mr. Slater moved to close the Organizational Meeting. Mr. Start second. Motion carried.

Regular Meeting

At this time President Sharps began the regular meeting. Note: Road Superintendent Dave Cable and guest Martha Cable were present.

Minutes-Mr. Slater moved and Mr. Sharps moved to approve December 15 minutes. Motion carried.

Bills—A Lightle Enterprises invoice was questioned, as Dave believed it was for street sign fasteners bought with the ODOT grant. The invoice will be reviewed. With no further questions, Mr. Start moved to approve; Mr. Slater seconded. Motion passed.

Public Comments- None

Fiscal Officer

Licking County Trustees and Clerks Luncheon – Saturday, January 10

-Mr. Start, Mr. Sharps and Ms. Greene will attend.

OTA Winter Conference – February 4-6 (Final sign-up Friday, January 9)

Completing tasks related to year-end responsibilities.

Road and Bridge

Beaver Run Tree Trimming -Dave reported that L & L Property Services completed less work than expected, trimming trees up to 60'. The location and height likely slowed progress. The group discussed continuing only if financially feasible and possibly limiting future trimming to 20-25'. Mr. Slater noted some trees along Beaver Run hit the tops of semis. It was agreed that remaining trees needed to be trimmed. L & L charge \$2,800 per day for three days; FO Nethers confirmed contract funds are available. Mr. Slater asked Dave to try negotiating a lower rate.

Motion – Mr. Slater motioned and Mr. Start seconded to retain L & L Property Services continues trimming trees on Beaver Run Road, not to exceed 25' in Height for three days at \$2800 per day. Motion carried.

Canal Road ROW application - Dave and Mr. Slater met with project manager to learn more about the request. It was learned that to investigate whether the soil would sustain a waterline 14 test holes would be drilled through the pavement between State Route 79 (south) and the southern property of the Fish Hatchery. Mr. Slater discussed the need to shore up the canal embankment and requested the repairs be included in the project. ODOT did not believe the request could be fulfilled with this project but did believe should the waterline be viable, Canal Road could be widened and leveled to the bridge south of the Fish Hatchery entrance. The project manager said the holes would be filled with asphalt, but Mr. Slater felt soft set concrete would be a better option. The Trustees directed Dave to contact the project manager with the Townships conditions. If the Project Manager agrees, the Township will sign off on the ROW application.

Salt Status – Mr. Start inquired about the current salt inventory. Dave replied that the storage bin was about half full, and around 600 tons of salt would be delivered this week. The stored salt is rotated to ensure older stock is used first.

Administration

Licking County Load Limit Reduction – Paula presented the Trustees with a copy of the County Resolution regarding specific Township Roads, detailing that weight limits will be enforced until April 15, 2026.

Robarlyn Trace HOAS- The Board discussed HOA request for the Township to cover street light costs. The Board reaffirmed that such expenses are the HOA's responsibility, not the Township's. Mr. Slater instructed the Administrator to communicate this if contacted again by the HOA.

Covestro Crosswalk – Robertson Construction advised construction of the crosswalk on Millikan would begin on January 6.

Economic Development

JEDD public hearing – A public hearing will be held February 2 at 7:00pm for the purpose of adding new parcels into the Luray JEDD. The notice has been published in the Newark Advocate and notice was made to the Village of Hebron.
